SUMMARY

Computer Engineering student with hands-on experience in Java, Spring Boot, REST APIs, JDBC, SQL and DSA focused on building scalable, database-driven backend applications. Strong foundation in OOP, API development, problem-solving and backend engineering. Experienced in developing modular applications, integrating relational databases and implementing clean, maintainable backend logic

TECHNICAL SKILLS

Languages: Java, JavaScript, C++, SQL

Core Concepts: OOP, Collections Framework, Exception Handling, DSA, Multithreading

Frontend: HTML, CSS, React.js

Backend: Spring Framework, Spring Boot, REST APIs, JDBC, Servlets, Hibernate, Spring Data JPA

Databases: MySQL, MongoDB

Security & Development Tools: Spring Security, JWT, GitHub, Maven

Cloud & DevOps: AWS, Docker, Jenkins, Ansible, Terraform

Education

Bachelor of Engineering (Computer Engineering) – Pursuing

2023 – 2027

Shree LR Tiwari College Of Engineering, Mumbai

7.12/10

Higher Secondary Education

Mumbai

Vivek Vidyalaya And Junior College

2022 – 2023

PROJECTS

Financial Portfolio Management System – Java , Spring Boot , MySQL , REST API

- Developed a RESTful backend application to manage users, investment portfolios, financial assets and transactions.
- Developed dashboards to monitor portfolio performance and integrated APIs for market updates.
- Implemented CRUD functionality using Spring Boot, Spring Data JPA and MySQL for efficient data management and persistence.
- Designed a layered architecture with Controller, Service and Repository components to ensure modular and maintainable code
- Integrated and tested REST APIs using Postman and managed project dependencies.

Travel Recommendation Chatbot – Spring Boot ,REST API, Html ,CSS ,JavaScript

- Developed a chatbot that provides travel recommendations based on user preferences such as destination, budget and interests.
- Created REST APIs using Spring Boot to handle user requests and travel-related data.
- Used MySQL to store and manage travel information and user preferences.
- Built a simple web interface using HTML, CSS and JavaScript to interact with the chatbot.

CERTIFICATIONS

AWS Cloud Certification at Compozent

- AWS cloud fundamentals (EC2, Instance), cloud computing concepts, AWS services overview..
